RENO, NEV. 1908

PROTECTION WANTED.

Reno just at this time is without any night watchman, and business men feel insecure. It has been the custom to employ a man who was paid by private subscription, but until a few weeks ago he was not paid, and the result is that no one can be found willing to put in their time for nothing. At the July meeting of the Board of County Commissioners that body made an order authorizing the Trustees of the Fire Department to employ a man and present a bill for his salary to the county, and it would be paid; but for some reason the Trustees refuse to do so. As it is now the town is at the mercy of any gang of drunken hoodlums who take a notion to boss things, and hotel and saloon keepers have to take it upon themselves to protect their places of business from the raids of that class. Every train brings in recruits to the "regular army," and now Reno is full of the worst kind of stragglers. The Commissioners ought to take the matter in hand and provide some means of protecting the business men.

INDIANA REPUBLICANS.

The Republican Indiana State Convention to-day elected R. W. Thompson chairman. A platform was then adopted which recalls the services of the Republican party, their liberal pension laws and financial success, its services to labor, capital and to aliens. It demands that the pending constitutional amendments be submitted by the next Legislature to the voters and that they are not partisan amendments, and there should be a special election for them. A warm tribute is paid to Lincoln and Garfield.

EDITORIAL NOTES.

The first number of the *Democrat*, a new paper just started at Austin, Nev., by W. W. Booth & Co., has made its appearance. It presents a very neat typographical appearance, and its columns are full of interesting matter. The *Democrat* has a good field to work in, and the *Gazette* wishes it success.

The difference in time between Alexandria and San Francisco is exactly 9 hours, 5 minutes and 9 seconds.

O. H. Grey, who was Presidential Electoral candidate is a Republican candidate for Lieutenant Governor.

TELEGRAPHIC BREVITIES.

A forest fire threatens the village of Sandwich, Mass.

Sun-strokes are of daily occurrence in New York.

Yellow fever is epidemic at Brownsville, Texas.

The Democrats of the 13th Illinois District have taken 1,530 ballots. No choice.

Chas. S. Child, a well known Galveston merchant, was killed to-day by a falling sign.

Two of the Hilgert forged acceptances, to the amount of \$5,500, have been discovered at Columbus, O.

A fearful storm along the Eastern coast of Massachusetts, extending into Maine last night and causing great losses.

The Belgian broker, Ducaine, charged with embezzling \$300,000 from the Belgian Government, will be extradited from Canada.

The United States Senate has voted \$54,000 to Mrs. Louisa Boddy, of Lake County, Oregon, for damages incurred in the Modoc war.

The Senate has confirmed the appointment of General Grant and W. H. Trenchard as Commissioners to negotiate a commercial treaty with Mexico. Colonel Charles H. Crane as Surgeon-General of the United States of America; W. H. Hoover, of California, as Associate Justice of the Supreme Court of Arizona; as United States Consul, Thomas J. Barry, at San Luis Potosi, Mexico; F. W. Rice, of Maine, at Aspinwall; Wm. H. Francis, as Receiver of Public Money, at Biapack; D. T. and as Postmaster, E. W. Nye, at Laramie City, Wyo.

EASTERN.

A. C. Case, Wash.

Specials to the Times to-night from about 50 counties of the State show the elections of all the Democratic State tickets by a large majority, though much reduced from that of 1890. The election was very quiet and a light vote was polled everywhere. In Black Belt the Republicans were not organized, and many negroes voted the Democratic ticket in the northern part of the State. In a number of counties the Democrats have been successful by only a narrow majority, and in others an official count will be necessary to decide the result. The probabilities are that the Democratic State ticket will not have more than 30,000 majority and that there will be at least 20 Independents in the Assembly.

Star Route Witnesses.

Chicago, August 9. The failure of ex-Senator George Spencer to appear as a witness in the Star route case excites much severe comment here, as he is an officer of the Government; that is one of its directors in the Union Pacific railroad. The belief is strong that he would have been there unless he had been advised that his absence was desired. The President is placed in a very awkward position by the failure of Spencer, and where he cannot well overlook his refusal to obey a summons from the Government in a case so important.

Star Routes.

Washington, August 9. The following order will be observed in closing the Star Route cases: Kerr to open for the Government. He will be followed by two replies from the defense. Bliss will then deliver his address, to which the defense will be allowed three replies. The Attorney-General or Merrick will next appear, followed by three replies from the other side, and then the Attorney-General or Merrick will close the argument. Kerr opened the argument this morning. None of the defendants were present.

Fearful Mortality.

Washington, August 9. A United States officer at Colon reports the population as 6,000, and dying at the rate of 100 per month. Natives, as well as those unacclimated, are attacked by fever. Of a total of 650 Chilean soldiers in the garrison at Chedayo, Peru, 300 have died from yellow fever.

Dispatched to the Happy Hunting Grounds.

New York, August 9. A dispatch from Matamoros, Mexico to-day, says news has just been received here of the execution of 25 Apaches, who were captured by Mexican troops and publicly shot at Chihuahua Monday. They met their fate with an expression of greatest contempt on their faces.

Strike Ended.

CORONA, N. Y., August 9. The four months' strike in Harmony mills has ended. One thousand operatives went to work to-day.

JERSEY CITY, August 9. The striking freight-handlers of the Pennsylvania Railway have decided to return to work at such rates as they could obtain. The company took the strikers back at the old rates.

New Cattle Disease.

WHEELING, W. Va., Aug. 8. Dr. Reaves, Secretary of the State Board of Health, has received information of a new cattle disease in several counties of the State, and has ordered specific reports. It seems to be a contagious febrile affection.

The Mexicans Disturb Them.

GALVESTON, August 9. An El Paso special says that the Mexican section hands on the Southern Pacific attacked the Chinese laborers at Yuma yesterday and drove them to this city. Several Chinese were badly hurt.

Fighting for Temperance.

ATLANTA, Ga., August 9. In a speech at Worth yesterday Governor Colquhoun, candidate for the United States Senate, planted himself squarely upon the platform of temperance, and against the manufacture of whisky in Georgia.

Arranging for Resumption.

CUMBERLAND, Md., Aug. 9. The miners of the Cumberland region have requested the companies to name a place and time for a general meeting to arrange a basis for resumption.

Chicago, August 9.

A St. Joseph, Michigan, special at 8 o'clock last night says a bright light was seen in the sky which was believed to be a burning atom bomb.

Negroes Rioting.

AN ARIZONA (Ga.), special reports a riot at Eastman on Sunday, where a large number of negroes from other places were attending a camp meet-

ing. On complaint of a colored man, Marshal Buchanan and his deputy, Harrell, arrested a negro thief, but as he was about to escape, shot at and killed him. This excited the negroes, who fought the officers. One of them, to direct attention from himself, singled out a young white man as being Harrell. The negroes killed him and frightfully mutilated his body. They were with difficulty prevented from further riot and bloodshed. The military has been called out, and citizens have organized for emergencies.

Demands Conceded.

PHILADELPHIA, August 9. The longshoremen at the Washington avenue elevator have succeeded in securing an advance to \$1 per day. This concession is followed by a general call for the same rules upon all vessels loading grain, and thus far the demands of the workmen have been conceded.

The Agony Over.

WASHINGTON, August 8. The Senate voted to adjourn sine die at 3 p. m., to-day.

FOREIGN.

EGYPT'S TROUBLE.
Arabi Pasha Reinforced—Fear of a Water Famine in Alexandria.

ALEXANDRIA, August 9. The enemy are entrenching at Sandy Ridge, where the principal resistance was made Saturday, and behind which numerous tents prove that reinforcements have advanced to the Ridge from Kaf-el-Dwar. The Khedive will to-morrow issue a proclamation declaring Arabi Pasha and his followers rebels, and accusing Arabi Pasha of the massacre and pillage on the eleventh of June, and being the cause of the destruction of Alexandria and the massacres at Tanta and Behera.

It is said that Arabi Pasha has 1,500 men three miles from Ismailia, from which place the Governor and his wife have fled to Port Said, and gone on board Her Majesty's ship Penelope.

Stones Pasha has arrived at Port Said to receive his family, who have arrived there accompanied by an escort which was granted by Arabi at the request of the American Consul.

The Town Park is lighted with gas to-night. The apprehension in regard to the water supply is increasing in consequence of numerous arrivals by every steamer.

CONSTANTINOPLE, Aug. 9. The Conference, at its next sitting, will discuss the question of the Suez Canal. Marquis de Noilles, the French Ambassador, has assented to the proposal of the Station Ambassador, regarding maritime supervision.

Count Corti has consented to the conditions of the Turkish delegates, that the duration of the supervision of the canal shall be fixed. Said Pasha has demanded that the supervision of the banks of the canal shall be reserved to Turkey, but withdrew the demand after learning Count Corti's remarks on the subject. Italy, Germany, France and Russia have accepted the co-operation of Spain, but England's consent thereto has not yet been obtained. It is believed that at that session notification will be given that Arabi Pasha will at once be proclaimed rebel, and that arrangements will be made between Turkey and England in regard to the dispatch of troops. No troops will leave before then.

ALEXANDRIA, August 9. Arabi Pasha has established six gunboats near Esbet Kurshid, behind Fort Meks, and forcing Ramleh towards Aboukir, as well as in our direct front the enemies' earth works are rising fast.

LONDON August 9. The *Telegraph's* correspondent at Alexandria, referring to the attack upon the outposts near Ramleh last night, says the enemy had erected earthworks opposite our lines, fronting Aboukir near the sea, and was also trying to work around our extreme left, throwing up works.

PORT SAID, August 9. From arrangements Captain Foot of the Ruby has made, it is expected that it will shortly result in a supply of fresh water to Suez. He has cleaned the reservoir and caulked the dock. When filled the reservoir will contain enough water to last for several months.

CONSTANTINOPLE, August 9. Two Turkish transports and 3,000 men arrived at Suda Bay, where they will remain. The Porte has a telegram from Cairo stating that the English occupied Ismailia and if they advanced into the country, Rachid Hussein Pasha is instructed to resist them. We are astonished to see England not in a way calculated to endanger the Suez Canal.

BOMBAY, August 9. Five transports with troops sailed for Egypt yesterday. Seven more start to-day. General Sir Herbert McMahon and staff start to-day.

LONDON, August 9. The Royal Irish Dragon Guards left Aldershot this morning for Southampton, where they will embark for Egypt.

SINGAPORE, August 9. The Sixty-third Regiment has been ordered to immediately reinforce the Indian contingent for Egypt. Three

more batteries are ordered to hold themselves ready for service.

Punished For Treason.

LONDON, August 9. Thomas Walsh, arrested at the time of the seizure of arms at Clerkenwell and convicted of treason and felony, was sentenced to seven years penal servitude.

Will not Insist.

LONDON, August 9. The *Daily News* has stated that in conservative circles Marquis Salisbury, after a decisive division last evening, will not insist upon the first amendment to the Arrear's bill.

Waiting For a Proposition.

CORK, August 9. Telegrams from Londonderry, Belfast and Limerick say the Constabulary agree to remain passive until proposals are known.

Not Feared.

CORK, August 9. The police here repudiate the imputation of Fenianism being in any way connected with their action asking increased pay, and they intend to issue a formal declaration to that effect.

Greek Fire.

ATHENS, August 9. A commission has been appointed to proceed to England to contract for the construction of a powerful vessel costing 40,000,000 drachmas.

WESTERN.

A Day's Suicide.

BOISE CITY, Aug. 9. Wm. Painton committed suicide last night by shooting himself through the heart.

The remains of Miss Elizabeth Adams, of Boise, were found in the sagebrush six miles below town yesterday afternoon. Two laundrum vials were found by her side. Probably suicide.

DECATUR, Texas, Aug. 9. Monday night Thomas Hogan, a prominent railroad contractor, died from the effects of self-inflicted wounds. Ten days ago he disemboweled himself with a mason's trowel. Domestic troubles.

Attempt at Murder—The Gates Closed.

SAN FRANCISCO, August 9. Last evening John McCadde called at the house of James Hamilton, No. 25, Twenty-third street, and summoning the latter to the door, drew a pistol and shot him. The ball took effect in Hamilton's groin. The wound is considered dangerous. The difficulty between the men is of some months standing. McCadde is in custody.

The steamer Oconic arrived this morning from China and Japan. She brought no Chinese passengers.

The Law Will be Tested.

SAN FRANCISCO, Aug. 9. On the arrival of the City of Sydney to-day she was not allowed to dock immediately, as she has a Chinese crew who are not provided with return certificates, in accordance with the new law. Subsequently the crew were removed to a hulk and the steamer docked. It is understood that the Mail Company will make a test case by procuring a writ of habeas corpus in the United States Circuit Court.

Among the rumors concerning the recently-passed river and harbor bill, and the action of persons of influence with regard to it, is one that has been of great annoyance to Secretary Teller, to the effect that he not only voted against a veto of the bill in the Cabinet sessions, but actually lobbied in the Senate Chamber to secure its passage over the veto. This report Secretary Teller stamps as an unblushing falsehood.
